Possibility: Colombia *could have been* the 1986 World Cup host if it *had not faced* significant economic and political challenges.

Supposition: Colombia's economy *may/might have seen* a significant boost if the country *had managed* to host the 1986 FIFA World Cup.

Right or wrong: Colombia *should have implemented* stronger economic measures to ensure it *could host* the 1986 FIFA World Cup.

Possibility: I *could have gone* to Shakira's concert in Cartagena in 1995 if I *had been* more confident about going alone.

Supposition: I *may/might have enjoyed* Shakira's concert immensely, even without a close friend to accompany me.

Right thing to do: I *should have taken* the chance and gone to Shakira's concert in Cartagena in 1995, regardless of not having a close friend to go with.
